## Full Description

Available January. A wonderful two bedroom property situated on the third floor within the Millennium Quay development in easy reach of historic Greenwich and a short walk from cultural sites such as The Cutty Sark and The National Maritime Museum. The apartment itself benefits from an east-west facing aspect which allows for a plethora of natural light throughout. Without doubt the balcony offering delightful views across to the business hub of Canary Wharf is the properties most stunning feature. The master bedroom is well sized, with its own en-suite and delightful floor to ceiling windows which allow for a bright and spacious sleeping suite. With its own views of the river the second bedroom is another great space within this fine property, which could easily be transformed into a home office space. Through to the kitchen you will find fully integrated and modern appliances, with a wood and tiled outlook this room offers a really fine contrast. Adjoining this is the reception and living quarters which offers a direct access to the balcony which is perfect for relaxing on an evening while enjoying views of London's sky line. Millennium Quay is also incredibly well located, it is just a short walk to Greenwich town centre, with Canary Wharf and London Bridge 15 minutes away via Cutty Sark DLR station and Greenwich Station respectively. The property has lift access and includes a parking space in a secure underground car park, which also contains storage facilities for bicycles.
